INSTRUCTIONS TO BIDDERS
Board of Public Works and Safety
City of Fort Wayne, Indiana

APRIL 26, 1985
Non-Federally Funded Construction

1. Submission of Bids. Sealed bids will be received by the Board of Public Works and Safety of the City of Fort Wayne, in the State of Indiana, hereinafter "The Board" until 9:00 o'clock A.M. on the 15th day of MAY, 1985, at the Office of The Board in the City-County Building, at which time the bids will be publicly opened and read, for the following described work, as more fully set forth in the specifications:
RESOLUTION NO. 6013-85 - HISTORICAL MUSEUM ENTRANCES

To improve the area east of Historical Museum by constructing an alley and walkway entrances to the Museum.

2. Inclusion of Clauses - If a clause in the Invitation for Bids (IFB) has a box ☐ beside it, the clause applies to the IFB only if it contains a check mark (✓) or an "X". Any questions as to whether a clause is included or not should be referred to The Board.

3. Questions as to Bid Document. If a bidder finds discrepancies in, or omissions from, the bid document or has questions about the project, he should at once contact the City Engineers. If the information requested or change made is substantive, The Board will issue an amendment to the solicitation and will send such amendment to all potential bidders who have procured an Invitation for Bid (IFB). The Board and the City will not be responsible for any oral instructions.

4. Award of Contract (Timeliness, Responsiveness, Responsibility). A contract resulting from the Invitation for Bids will be awarded to the lowest and best timely bidder who is also responsive and responsible. If bids are otherwise equal, award will be made to that bidder granting the largest prompt payment discount.

5. Bid Requirements. All bids shall be endorsed with the title of the work, the name of the bidder, and the date of mailing or presentation. All bids shall be filed in the office of The Board on or before the day and hour set forth above and stated in the advertisement, and no bid received after that time will be accepted. The Board will not accept any late filing regardless of reason, including delays in the mail.

All bids shall include the exact quantities of each item shown on the bidding form for each section of the work, and unless the IFB otherwise states, the total cost of the various sections shall be considered a lump sum bid.

6. Examination of Bids For Responsiveness. After the bids are opened and read, The Board will examine them to determine if they are responsive. In order to be responsive, the bidder must complete all blanks requiring completion, and must submit all information required to be submitted. Any alteration, erasure, or interlineation of the contract or the IFB may cause the bid to be determined non-responsive. Proposals which are unbalanced may also be determined non-responsive.

However, The Board reserves the right to accept any bid, to reject any and all bids, and to waive defects or irregularities on any bid.

7. Determination of Responsibility. Prior to awarding any contract pursuant to this Invitation for Bids, The Board will make a determination of responsibility. An award of a contract to a bidder shall constitute an affirmative determination of responsibility.

In reaching a determination of responsibility, The Board can consider among other factors:

(a) The Contractor's record of integrity.

(b) The Contractor's experience and past performance record in construction work.

(c) The Contractor's financial status.

(d) The Contractor's capability to perform the project.

(e) Whether the bidder is in arrears upon or in default of any debt, contract or other obligation to the City of Fort Wayne.

(f) Whether the bidder is debarred from Federal or City of Fort Wayne contracts.

(g) The bidders record in MBE/WBE compliance.

(h) Whether the bidder is engaged in litigation with the City of Fort Wayne.

In arriving at a determination of responsibility, The Board may institute a pre-award survey on any or all bidders. That pre-award survey may examine any of the considerations relating to a bidder's responsibility as set forth above. Bidders will cooperate with the pre-award survey team. Failure to cooperate can result in a finding of non-responsibility.

☐ 8. Prequalification - In addition to being timely, responsive, and responsible, a bidder must also be prequalified by the State Department of Highways in order to be awarded a Contract.

9. Bid Bond or Deposit. Each bid must be accompanied by a bond executed by the bidder and surety satisfactory to The Board, in a sum of FIVE percent (5 %) of the aggregate amount of the bid, but in no case less than $100.00; or the bidder may deposit with The Board in lieu of such bond, a certified check on a solvent bank in a sum of _____ percent (__%) of the aggregate bid or proposal, but in no case less than $100.00, which certified check shall be payable to the City of Fort Wayne. The bid bond or certified check shall serve as a guarantee that should the said bid be accepted by The Board, the bidder will, within ten (10) days after the time he is notified of the acceptance of the bid, enter into a contract with the City of Fort Wayne for the work bid upon and give bond with surety to be approved by The Board, insuring the faithful completion of the contract.

In case a bid is not accepted, the obligation of the said bond shall be null and void and the certified check will be returned to the bidder, as the case may be. In case a bid is accepted, and the bidder does not enter into a contract with the City of Fort Wayne for the work bid upon within ten (10) days after notification of award, then the obligation of the bond or the certified check shall be forfeited to the City of Fort Wayne for ascertained and/or liquidated damages for failure to enter into a contract. Provided that, the City's action in forfeiting the bond or retaining the certified check shall not preclude the City from taking any further action against the contractor to recover for all actual damage, the City has suffered.

10. Sworn Experience Questionnaire, Plan and Equipment Questionnaire and Contractor's Financial Statement. Each bidder will submit with and as part of its bid the following documents under oath and on forms prescribed by the State Board of Accounts, or shall have the following forms on file with The Board which shall not be less than one year old.

(a) Experience Questionnaire.
(b) Plan and Equipment Questionnaire, and
(c) Contractor's Financial Statement (Form 96-A) or Certificate in Lieu of Financial Statement.

11. Execution of Additional Bid Documents. In addition to all documents previously mentioned as having to be executed and submitted as part of the bid, each bidder will be required as part of its bid to execute and submit the following documents as specified below:

(a) Non-Collusion Affidavit
☐ (b) Prequalification Statement
(c)
(d)
(e)

12. Brand Name or Equal-Specified Materials. Where, in the specifications, one or more specified materials, trade names, or articles of certain manufacture are mentioned, it is done for the purpose of establishing a basis of durability and proficiency, and not for the purpose of limiting competition. The bidder can submit other names of materials and, if, the Director of the Board determines that, they are equal in durability and sufficiency to those mentioned and of a design in harmony with the work as outlined, then the bid will be accepted as responsive. However, if the Director of the Board determines that such materials are not equal, then the bid may be rejected as non-responsive. Consequently, bidders are advised to submit any such request for changes or deviations in materials to the Director of The Board prior to submitting bids. Any approval of deviation will be by written amendment to the solicitation and will be submitted to all bidders who have obtained IFBs.

13. Minority Business Enterprise/Women Business Enterprise Requirements.

("Minority" shall include: Blacks, Hispanic, Asian, Pacific Islander, American Indian or Alaskan Native.)

CITY-COUNTY BUILDING ▪ ONE MAIN STREET ▪ FORT WAYNE, INDIANA 46802

TO ALL CONTRACTORS WITHIN THE CITY LIMITS OF FORT WAYNE

Gentlemen:

The City of Fort Wayne Street Department has advised the Fort Wayne Board of Works that the third trick Street Department crews are spending approximately 50% of their time re-erecting barricades placed on various projects throughout the City. This responsibility of maintaining construction signs, barricades, etc., belongs entirely with the contractor.

Please refer to the attached copy of the City of Fort Wayne application for permit to cut into Fort Wayne streets, whereby the contractor is responsible to erect and maintain all necessary barricades. The City makes reference to The Indiana Manual on Uniform Traffic Devices for Highway Construction and Maintenance Operations; Indiana State Highway Commission --- date, 1975.

Maintaining these signs shall include necessary stabilizing of the signs whether this be accomplished by embedding the legs of the sign in the street or using sandbags as ballast on the lower crossarms or legs of the signs. Other procedures of installing ballast on signs may be devised by the contractor, however, under no circumstances, shall sandbag ballast be placed on the top of barricades. This has been determined as a hazard to the driving public. Should one of the signs be hit by a car, the sandbag could very well fly through the windshield of the car causing serious injury.

Effective January 1, 1978, a form will be included in bid documents requiring contractor to list name(s) and telephone number (s) of those responsible for maintaining barricades at all hours for each project.

If, after notification by City, contractor's representative does not immediately correct barricade problem and City must perform this work, a charge will be made against contractor.

GENERAL PROVISIONS*
Board of Public Works and Safety
(Non-Federally Funded)

1. Time and Progress. Time is of the essence of this contract. The contractor shall begin promptly after receipt of a written notice to proceed, and in no case later than ten (10) days after such receipt. He/she/it shall prosecute the work in such a manner as to cause no unnecessary delays. The time of beginning, rate of progress and time of completion are all essential elements of this contract.

2. Payment. The Contractor will submit requests for payment on a claim form prescribed by the City, and attach to that claim form, his invoices for the work performed and accepted.

☒ 3. Progress Payments and Retainage. The contractor may submit requests for payments no more often than every thirty (30) days for work performed and accepted under this contract. If the contractor is in compliance with the provisions of this agreement, The Board will make payments for such work performed and completed, provided, however, that in any such case The Board will retain ten percent (10%) of the total amount owing to insure satisfactory completion of the contract. Upon final inspection and acceptance of this contract, the contractor will be paid in full.

4. Inspection. The Board, the City Engineers, officials of the Office of Compliance of the City of Fort Wayne, and any other City officials designated by The Board shall have access to the work sites and contractors' records at all reasonable times for inspection of the work performed under and in compliance with this agreement.

Any inspection or failure to inspect by The Board or City does not relieve the contractor of the obligation to comply with all provisions of this agreement.

*NOTE: Those clauses of the General Provisions with the following box beside it ☐ will be applicable to the contract only if the box has a checkmark or "x" in it. Any question about the applicability of a General Provision should be brought to the attention of The Board.

5. Warranty. The contractor fully warrants his work for one (1) year after acceptance by The Board, and shall remedy at the contractor's own expense, any defects or problems occurring during that one-year period. In addition, The Board and the City shall be furnished with all manufacturer's and supplier's written guaranties and warranties covering materials and equipment furnished under the contract.

6. Termination for Convenience. The Board can terminate this agreement for the convenience of The Board at any time by providing a written notice to the contractor. If the agreement is terminated by The Board pursuant to this clause, the contractor will be paid only for the work performed up to the termination date. In the event of termination pursuant to this clause, all work, including any finished or unfinished documents, data, studies and reports prepared by the contractor pursuant to this agreement shall become the property of The Board of the City of Fort Wayne.

7. Termination for Default. If the contractor shall fail to fulfill its obligations under this agreement in a timely and proper manner, The Board shall have the right to terminate this agreement for default, by written notice. If this agreement is terminated pursuant to this clause, The Board is not required to advance any further payments to the contractor. In the event of termination, all work, including finished or unfinished documents, data, studies, surveys and reports prepared by the contractor shall become The Board's property. Termination pursuant to this clause is not The Board's exclusive remedy and will not prejudice the right of The Board to take any other legal action against the contractor.

8. Changes. The Board may, at any time, by written order, make changes within the general scope of this agreement. If any such change results in an increase or decrease in the cost of performance, time of performance, or any other material provision under this contract, The Board shall make an equitable adjustment in the contract price, time of performance, or other provision. Any claim by the contractor for adjustment under this clause shall be submitted to The Board in writing within thirty (30) days after the issuance of the change order. All such change orders and resultant compensation shall be incorporated as written modifications to this contract. Any dispute as to an equitable adjustment shall be referred to the Director of The Board for his final determination, pursuant to the disputes clause of this contract; provided, however, that the contractor will proceed with the work as changed, even if there is a dispute.

9. Assignability. The contractor shall not assign or transfer any interest in this agreement, including by assignment or novation without the prior written consent of The Board.

10. Sub-contracting. None of the services covered by this agreement shall be sub-contracted or contracted with any contractor or subcontractor who has been debarred or suspended from doing work for the City of Fort Wayne or federally--assisted contracts.

11. New Quality Materials. All materials used by the contractor in the performance of this contract will, unless otherwise specified in writing, be new, of a merchantable quality, and in no case less than the quality required by the specifications.

12. Permits and Licenses. The contractor shall secure at his/her/its own expense all permits and licenses necessary to the performance of the contract. Failure to secure a necessary permit or license shall constitute grounds for termination of the contract.

13. Contractor's Insurance. The contractor shall obtain and pay premiums for such public liability insurance, property damage insurance, and workmen's compensation as will fully protect it from claims under the Indiana Workmen's Compensation Act and from any other claims for damages to persons not covered by that Act because of bodily injury, including death which may arise from, or during the performance of the work described in this contract. The City shall be named as an additional insured on each such policy. Proof of all such insurance shall be presented to The Board. The contractor further agrees that it will indemnify and hold The Board and the City of Fort Wayne harmless from any loss, damage, liability, cost or expenses incurred by the contractor, any of its agents, employees and sub-contractors, in the performance of this contract, as well as the failure of the contractor or of any agents, employees, or sub-contractors to comply with any of the provisions of this clause.

14. Contractor's Protection of Work and Safety. The contractor shall obtain adequate protection of all work from possible damage, and shall protect the City's property of all work from possible damage, and shall protect the City's property from injury or damage arising from the work to be done under or by the contractor, its employees, agents and sub-contractors during the construction. He/she/it shall take all reasonable precaution for the safety of the employees on the job and shall comply with all applicable safety laws, building codes and ordinances. The contractor shall properly and fully guard all excavations and dangerous places, and will use all due and proper

Any surfaces to be painted shall be treated as necessary. Treatment involves washing, sand, scraping, wire--brushed, or otherwise cleaned so as to remove cracking, scaling, peeling, chipping or loose paint back to sound surfaces, and repainting with two coats of suitable non-lead paint. If paint film integrity cannot be maintained, the surface must be covered.

Lead base paint hazards involve all interior surfaces and those exterior surfaces readily accessible to children under seven (7) years of age, and contractor will take appropriate provisions pending the completion of the contract for the elimination of immediate hazards.

16. Contractor's Clean-up. During contruction, and after completion the contractor shall clean up and remove all waste construction materials from the premises and will leave the premises in a clean and sightly condition.

17. Disputes. All disputes which arise under this contract which cannot be resolved between the contractor and the City will be referred in writing to the Director of The Board. The Director of The Board shall make a final decision in writing. The contractor will continue to perform the contract regardless of the decision

18. Prompt Payment Discounts. In connection with any discount offered for prompt payment, time shall be computed from (1) the date of acceptance by the City of performance of the services or deliveries of supplies to the City, or (2) the date the correct invoice or voucher is received in the office of the City division awarding the contract, if the latter is later than the date of acceptance of performance or delivery. The contractor agrees to cooperate with and provide all documentation requested by the City in monitoring the contractor's compliance. After completing the work called for in the contract, the contractor will submit to the City an accurate certification setting forth the MBE and WBE participation in the contract.
